

THE STORYTELLERS

PRESENT

MUSICAL FOLKTALES

Our stories are humorously told in an animated, captivating style. Audrey uses multiple voices and uncanny vocal effects to enliven each story. Most of our stories are interactive, giving students the opportunity to participate in the telling. We feature upbeat music and musical instruments from the Caribbean, Brazil, West Africa, North America, Australia and other countries/continents.

“Musical Folktales” is a unique program that combines interactive storytelling, beautiful music, full audience participation and hands-on fun with musical instruments from many cultures. This program is ideal for preschool through middle school students and families. Programs are usually 45-50 minutes, but can be any length that you desire. When feasible, we include a brief question and answer period (*Sharing Sessions*) following presentations.

“It was great to see students learn about world instruments... Your workshop impacted the students in a profound way. Your presentation was a perfect fit for this year’s World Language Week. Thank you again for this rich cultural experience.”

**Ms. Amy Szabo, World Languages Dept.
Hartland H. S., Hartland, MI**

Udu

Steel Drum

Dondo

Didgeridoo

Cuica

Frame Drums

“All of our students and staff loved your show... The hands-on activities were a bit hit with our students but it was Audrey’s stories that that were most memorable. Great show!”

**Mr. Royce Hartmann, Principal
St. Jonn’s Lutheran School
Marysville, Ohio**

Hands-On Fun

Young people are invited to play various instruments at selected moments in all of our presentations. Playing cuica, berimbau, udu, etc., during our program is a fun method of introducing world cultures. Simple “fun” can be quite memorable. Having fun will significantly contribute to cultivating in each child/youth a **Lifelong Love Of Reading!**

FEES: \$400-600 One-Three presentations, plus fuel costs. We bring all necessary audio equipment, tables, chairs, etc.

We would love to bring **Musical Folktales** to your school or library this school year. Thank you for visiting our web site and please feel free to print and distribute this brochure.
